Hi Ted,  
Does this mean that EPA will not restart billing under SSIDs 10Z5 and 10D3? The bills were put on hold for bankruptcy proceedings.

The Tronox settlement was approved on Monday. If there is not appeal of the approval order, the settlement will become effective in 60 days. Payment will come sometime thereafter, as described below, recoveries first go the litigation trust and are "promptly" disbursed to the multi-states trust which I believes manages the money for site specific cleanups.
